Shapefile

Tags

Bicycle, Bike, Bikeway, Regional Planning Commission, Routes, RPC, Shared-Use Trails

Summary

The purpose of this spatial file is to provide a basic network of off-street, shared-use trails across Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa Parishes that integrate into a larger regionally network. Any bikeway planning layer produced by Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa Parishes supersedes all information in this data set. This data set is to be used in coordination with the on-street bikeway data set supplied separately.

Description

The bikeways included in this data layer denote off-street shared-use trails by their current completion status. Routes of regional significance as determined by the New Orleans Regional Planning Commission (RPC or NORP) planning staff have been denoted to advance regional connectivity for funded, planned and envisioned bikeways.

Credits

The Regional Planning Commission for Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa Parishes (RPC) 2019
