Regional Planning Commission - SBIRT LHSC Contract 2022-10-16

Project Description:

The Regional Planning Commission (RPC) is seeking price quotes from Screening Brief Intervention and Referral to Treatment (SBIRT) trainers to conduct two, one day SBIRT implementation trainings, one within the North Shore Safety Coalition Region (St. Tammany, Tangipahoa, Washington, and St. Helena) for high school counsellors, and one within the New Orleans Regional Traffic Safety Coalition Region (Orleans, Jefferson, Plaquemines and St. Bernard) for university staff. The trainer will provide electronic copies of the necessary training materials for the SBIRT workshops to RPC for review. The trainings must be able to be conducted virtually if the need arises. By the end of the SBIRT implementation training, attendees should understand when and how to utilize SBIRT in a university or high school counsellor setting.

Qualifications:

- The trainer will have taken part in a SBIRT “train the trainer” program.
- The trainer will preferably possess the knowledge on how SBIRT can be implemented in a university or high school setting.
- The trainings must be able to be conducted virtually if the need arises.
- The trainer must reside within the state of Louisiana.

Tasks:

- Develop training material to be used during the SBIRT trainings that can be utilized both in person and virtually.
- Conduct two, one day SBIRT implementation trainings, one within the North Shore Regional Safety Coalition Region and one within the New Orleans Regional Traffic Safety Coalition Region.

Performance of Services:

The following objectives are expected to be covered during the SBIRT implementation training.

- Explain the SBIRT process and the value of the evidence based public health practice across health and behavioral health settings.
- How to perform pre and full screening for substance abuse to determine a patient’s level of risk.
- Implement and practice the four steps of brief intervention using the spirit of motivational interviewing.
- Examine strategies for effectively referring patients to addiction treatment and recovery support where appropriate.
- Explain how SBIRT is reimbursed.
