

## TIP2023to2026\_NORPC\_2022

### Shapefile

### Tags

Transportation Improvement Program (TIP), FHWA, New Orleans Regional Planning Commission

### Summary

TIPs consist of priority lists of projects (both highway and transit) which are being advanced toward construction over the four-year period, FY-2023 to FY-2026.

### Description

Transportation Improvement Programs are adopted bi-annually by the Regional Planning Commission (RPC). They are prepared cooperatively by the RPC, acting in its legal capacity as the Metropolitan Planning Organization for the New Orleans urbanized area, and Louisiana Department of Transportation and Development (LaDOTD), and affected transit operators. TIPs consist of priority lists of projects (both highway and transit) which are being advanced toward construction over the four-year period, FY-23 to FY-26. Projects found in the TIPs have evolved through the transportation planning process and are contained in the region's long-range Metropolitan Transportation Plan. Both the local TIPs and State TIP (STIP) are identical documents containing a common set of projects proposed for federal funding. TIPs and STIPs are products of a consensus-building process carried out jointly by the RPC and the Louisiana Department of Transportation and Development. Both the TIPs and STIP are on a four-year update cycle. However, monthly revisions are permitted, following formal amendment procedures. Projects contained in the TIPs are derived from Phase I of the Metropolitan Transportation Plan. Projects are largely reconstruction-oriented consisting of roadway rehabilitation, overlay, and traffic signalization. Bus transit and rail rehabilitation and extensions are also emphasized along with intermodal facilities development.

### LINEAGE STATEMENT

This layer was created by the New Orleans Regional Planning Commission based on projects included in the TIP23-26 report, produced in accordance with the Federal Highway Administration regulations.

### PROCESS STEP ►

WHEN THE PROCESS OCCURRED 2019-01-01 00:00:00

#### DESCRIPTION

This layer was created by the New Orleans Regional Planning Commission based on projects included in the TIP23-26 report, produced in accordance with the Federal Highway Administration regulations. Features were digitized based upon road segment descriptions provided by the Louisiana Department of Transportation and Development.
