ANNUAL LIST OF OBLIGATED PROJECTS

FEDERAL FISCAL YEAR 2022

Background

The Regional Planning Commission: The Regional Planning Commission (RPC) for Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa Parishes is a board of local elected officials and citizen members appointed to represent the public on regional planning issues. The board is supported by a staff of professionals with a broad variety of expertise, including transportation, land use, economic development, and environmental planning as well as data management and geographic information systems (GIS).

One of the RPC's primary roles is to house the Metropolitan Planning Organizations (MPO's) for four separate Metropolitan Planning Areas (MPA's): Mandeville-Covington, New Orleans, Slidell, and South Tangipahoa. The RPC's Transportation Policy Committee (TPC) has final decision making authority over MPO activities, including goal and priority setting, project selection, and programming federal transportation funds. TPC membership consists of all RPC members as well as additional elected officials and representatives from major regional transportation interests.

About this Report

The FAST Act (23 CFR 45.334) and its successor legislation, the Infrastructure Investment and Jobs Act of 2021 (IIJA, also known as the Bipartisan Infrastructure Law (BIL))¹, requires that MPO's, in coordination with the state and public transportation operators, annually develop a listing of projects for which federal transportation funds were obligated in the preceding fiscal year. An obligation refers to the

¹ IIJA was passed in 2021, and some final rules were still pending as of the writing of this document. The RPC will continue to update its planning processes and associated documents as necessary pending the release of final rules.

funding commitment made by the federal grantor agency (Federal Highway Administration (FHWA) or Federal Transit Administration (FTA)) to pay the federal share of a project's capital or operating cost.

The RPC has worked cooperatively with the Louisiana Department of Transportation and Development (DOTD) and the region's transit properties in preparing the Annual Listings for each of the MPO's housed at the RPC for Federal Fiscal Year (FFY) 2022. To aid ease of reference and avoid duplication of efforts this report includes the Listing for each MPO in a single document. The Listings include projects obligated from October 1, 2021 to September 30, 2022. Highway and transit projects are listed separately. The RPC's Annual List of Obligated projects does not include any projects for which there were no federal funds obligated.

Highway projects are organized by MPA, parish, and state project number. For each project, the following information is provided: a brief description of the project (e.g., pedestrian path, overlay, reconstruction, etc.), project phase for which funds were programmed and obligated (e.g., Right of Way, Construction, etc.), project sponsor, federal funding source, federal funds programmed in the TIP, federal funds obligated during the fiscal year, and federal funding remaining and available for subsequent years. All data provided is for the specific project phase listed (e.g., Right of Way, Construction, etc.) and not for the entire project. All federal obligation amounts for highway projects were obtained from the Federal Transaction List provided by DOTD on November 14, 2022, and reflect obligations made by the state as of that date. The funding amounts provided by DOTD in the Federal Transaction List are included in Appendix A.

Transit projects are organized by MPA and transit provider. For each project, the following information is provided: the project number; the grant award date; a brief description; the federal funding source; the total cost; and the federal cost share. It should be noted that in FFY 2022 no federal transit funds were obligated in either the Mandeville-Covington or Slidell MPAs. Federal obligation amounts for transit projects are obtained through ongoing coordination with the region's transit providers and DOTD.

Federal Funding Sources

The federal funding sources used for projects in FFY22 are defined below.

Fund Name	Description
5307	Section 5307 Urbanized Area Formula
5307 (STBG Flex)	Section 5307 Urbanized Area Formula, Flexible from Surface Transportation Block Grant
5337	Section 5337 State of Good Repair
5307h (Ferry Disc)	Section 5307 Urbanized Area Formula, Ferry Discretionary
5339	Section 5339 Bus and Bus Facilities
AP	Allocated Programs
ARP	American Rescue Plan
COVID	Covid-19 Relief Funds
COVID>200K	Covid-19 Relief Funds for urbanized areas with populations over 200,000
CRRSAA	Coronavirus Response and Relief Supplemental Appropriations Act
ER	Emergency Relief Program
FBR-OFF	Off System Bridge Replacement
FBR-ON	On System Bridge Replacement
FBR-ON/OFF	On/Off System Bridge Replacement
HSIP	Highway Safety Improvement Program
HSIPPEN	Highway Safety Improvement Program, Penalty Transfer Funds
NHPP	National Highway Performance Program
NHPP-E	National Highway Performance Program Exempt
RAIL HE	Surface Transportation Program Rail & Highway Crossings, Hazard Elimination
RCAF	Redistribution of Certain Authorized Funds
RTP	National Recreational Trails
SRTS INF	Safe Routes To School Infrastructure
SRTS OPT	Safe Routes To School Optional
STP FLEX	Surface Transportation Program, Flexible
STP<200K	Surface Transportation Program for urbanized areas with populations under 200,000
STP<200K-E	Surface Transportation Program for urbanized areas with populations under 200,000, Exempt

STP>200K	Surface Transportation Program for urbanized areas with populations over 200,000
STP>200K-E	Surface Transportation Program for urbanized areas with populations over 200,000, Exempt
STP50-200K	Surface Transportation Program for urbanized areas with populations between 50,000 and 200,000
STPFLEX-E	Surface Transportation Program, Flexible, Exempt
TAP<200K	Transportation Alternatives Program for urbanized areas with populations under 200,000

Highway List of Obligated Projects

Highway projects are listed by MPA, Parish (in the New Orleans MPA), and project number. Records include the following information:

Description	Name/Brief Description	Funding Source(s)	Federal Funding Source(s)
Improvement	Project Type	Fed. Funds in TIP	Total Federal Funds Programmed in TIP for this phase.
Phase	Work Phase Funded	Fed. Funds Obligated	Federal Funds Obligated for Phase in FFY 22 (provided by DOTD) for this phase
Sponsor	Lead Agency	Fed. Funds Remaining	Federal Funds in TIP Minus Federal Funds Obligated for this phase
