Let to construction, transportation, FHWA, Regional Planning Commission

Summary

This layer illustrates transportation projects financed in part by the Federal Highway Administration (FHWA) funding sources and let to construction between the Federal Fiscal Year 2023 (FY23 defined as occurring between calendar dates of October 1, 2022 and September 30, 2023) within the Regional Planning Commission member parishes of Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa (RPC). This layer was created as an additional product for the RPC annual Obligated Projects reporting process.

Description

Let Projects FY23 describe projects that were opened for construction bid between October 1, 2022 and September 30, 2023.

The Let Date is generally the end of the project development process and the start of the construction process.

Letting a project to bid signals that Federal, State, and/or local funding is in place and project construction is set to begin.
