

ST. TAMMANY PARISH COMPREHENSIVE PEDESTRIAN & BICYCLE MASTER PLAN

COMMUNITY SURVEY

Based on input from the Public Engagement Series #1 Community Survey, we've developed a set of pedestrian and bicycle network recommendations shown on the interactive map. These proposals aim to improve safety, expand access, and create more opportunities for walking and biking throughout St. Tammany Parish. Now, we would like to hear your thoughts on these draft recommendations to help refine and prioritize the network. As a resident or visitor of St. Tammany Parish we need your input!

The survey takes about 5 to 10 minutes to complete. Your help is greatly appreciated. For additional information on the bicycle and pedestrian facilities recommended in the plan, please review the Resources page.

1. Please provide any feedback on the proposed pedestrian and bicycle network recommendations.

(Please review the attached map and circle at least one of the proposed recommendations. Add as many map circles as you want. Use the box below to provide any general comments.)

2. Which proposed network recommendations do you consider are the highest priority to develop with available funding?

(Please review the attached map and add a number for five priority projects. Place at least one (1) and up to five (5) numbered comments on the map. Use the box below to provide general comments, referring to the numbered comments (1–5) on the map.)
